Sir:

Please accept the enclosed envelope and Petition for Extension of Time. The envelope contains my response to the office action dated March 16, 2005 and the amended Patent Application. The envelope shows the prior mailing date (June 9, 2005) and the evidence that it was returned for no apparent reason. I hope that this Application will be treated as if it had arrived before the response deadline, or that the Petition for Extension of Time will be granted and that the Examiner will consider the Application.

Very Respectfully,

A handwritten signature in black ink, appearing to read "John Condon".
